Research Grants and Contracts

Involved in 18 academic-funded grants and 150 other research-related contracts (e.g., program evaluation, needs assessment, policy research, other applied research and knowledge mobilization).

a) Academic Research Grants

2026-2028

Sustainable Horizons Under a Changing Climate

Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Partnership Development Grant (\$170,444)

- Co-investigator

- A collaborative project led by the University of Waterloo to co-create futures thinking tools in collaboration with institutions across Southern Africa in countries impacted by rapidly intensifying cyclones (Mozambique, Madagascar, South Africa, and Zimbabwe). The goal is to integrate regenerative futures thinking within planning cyclone adaptation using a community-based research approach.

2025-2026

Regenerative Cities in Southern Africa: Sustainable Adaptations to Rapidly Intensifying Cyclones

Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Connection Grant (\$49,527)

- Co-investigator
- A collaborative project led by the University of Waterloo to co-create a futures thinking toolkit for cyclone adaptation strategies in Southern African cities that target localized SDG sustainability transitions via a regenerative futures framework. The project also co-created and disseminated scholarly outputs on regenerative futures as a pathway towards achieving short-term cyclone adaptation and long-term sustainability transitions.

2022-2024

A Collaborative Response to Addressing Family Violence with Racialized and Diverse Communities During Pandemic Recovery in Peel Region

Funded by Canadian Institutes of Health Research (CIHR) Operating Grant: Addressing the Wider Health Impacts of COVID-19 (\$343,860)

- Co-Principal Investigator
- Building on Peel Region's Community Safety and Well-being plan, this project led by Trillium Health Partners engaged a diverse group of community members who experienced family violence, service providers, and researchers to guide all project activities. Through photo-narrative methods, a community prioritization activity, and a hackathon-style event, we explored experiences of family violence and co-created preventative interventions during pandemic recovery that are evidence-informed and culturally sensitive to help racialized and diverse families at-risk of experiencing family violence in Peel.

2021-2024

Peer Support and Type 1 Diabetes: Incorporating Experiential Knowledge into Service Design with Adolescents and Their Caregivers

Funded by Canadian Institutes of Health Research (CIHR) Spring Project Grant (\$285,000)

- Co-Principal Investigator
- A collaborative project of 21 partners under the leadership of Trillium Health Partners that used participatory research to understand how peer support is helpful for improving Type 1 Diabetes disease self-management among adolescents. The project had 4-phases each involving adolescents and their caregivers, including as peer researchers. This project demonstrated that Type 1 Diabetes services can be more meaningful, accessible, and inclusive if they are intentionally co-designed with service users and align with community needs and values.

2022-2023

Understanding and Mitigating the Impacts of the COVID-19 Pandemic on Children, Youth and Families in Canada

Funded by Canadian Institutes of Health Research (CIHR) Operating Grant (\$162,204)

- Co-Investigator
- A collaborative project under the leadership of Trillium Health Partners and in partnership with the Peel Family Support Network. The project used photo-based methods, a community prioritization activity, and a "hackathon-style" event to explore the physical activity experiences of adolescents and their caregivers throughout the pandemic and to co-create physical activity interventions to move knowledge to action to promote and sustain physical activity during pandemic recovery. This project engaged a Community Advisory Board of adolescents, caregivers, service providers, and researchers to guide all project activities.

- 2022-2023
- Evaluating the Peel Community Health Ambassador (CHA) Program: Building trusting, equitable, and responsive healthcare during the COVID-19 pandemic**
Funded by Canadian Institutes of Health Research (CIHR) Operating Grant (\$216,391)
- Co-Investigator
 - The purpose of the CHA Program led by Trillium Health Partners was to provide culturally specific community outreach, education, and support during the COVID-19 pandemic. Through partnership between community agencies, healthcare workers, researchers, Community Health Ambassadors, and community members in Peel, this mixed methods evaluation of the CHA Program filled a critical research gap about how communities can respond effectively to the ongoing pandemic and minimize the direct and indirect impacts on people who identify from racialized communities experiencing structural inequalities. These findings will be valuable for diverse communities experiencing disproportionate impacts of COVID-19 across Canada and globally.
- 2019-2026
- Evaluation Capacity Network: Collaborating for Community-Driven and Culturally Relevant Early Childhood Practices, Programs, and Policies**
Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Partnership Grant (\$2,500,000)
- Co-Investigator
 - A national research collaboration, led by the University of Alberta, to develop community-driven and culturally relevant approaches for producing and using evidence to improve early childhood practice, programs, and policy toward system effectiveness. Community and campus partners are being engaged to co-create and implement research and evaluation that supports innovative capacity-building in evaluation. An Evaluation Hub will connect people to evaluation resources and creative learning opportunities.
- 2016-2018
- Faith and Settlement Partnerships: Setting Immigrants and Canada Up for Success**
Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Partnership Development Grant (\$200,000)
- Project Director (i.e., Primary Investigator)
 - A provincial research collaboration to study and promote partnerships among faith-based groups and government-funded immigrant settlement organizations. Research activities included surveys, focus groups and case studies, while knowledge mobilization activities promoted effective faith/settlement partnership within policy and practice.
- 2016-2017
- The Impact of the Syrian Refugee Influx on Local Systems of Support**
Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) in collaboration with Immigration, Refugees and Citizenship Canada (\$25,000)
- Primary Investigator
 - Using Waterloo Region as a case study, a collaborative study that explored the disruptive impact of the recent Syrian refugee influx on the way local communities support newcomers. This was done in order to: 1) determine innovations in how local communities can better support refugees, and then 2) determine how public policy can reinforce these innovations.
- 2015
- Just Faith?: Exploring Individual Spirituality in Justice Mobilization**
Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Connection Grant (\$20,000)
- Co-Investigator
 - A grant to mobilization knowledge of the SSHRC-funded Justice and Faith project led by the Institute for Christian Studies in partnership with Christian Reformed Church. The grant included developing a DVD of previously commissioned

professional theatre and presenting the theatre and research findings at the CUExpo2015 conference in Ottawa.

2013-2015

The Role of Churches in Immigrant Settlement and Integration

Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Partnership Development Grant (\$200,000)

- Project Director (i.e., Primary Investigator)
- The purpose of this project was to develop a national research partnership to investigate how to better equip church groups across Canada to help immigrants and refugees settle and integrate into Canadian society. Partners included academics, denominations, and inter-denominational networks.

2013-2015

Justice and Faith: Individual Spirituality and Social Responsibility in the Christian Reformed Church of Canada (\$200,000)

Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) Partnership Development Grant

- Co-Investigator
- A research partnership conducted with the Institute for Christian Studies and the Christian Reformed Church to more fully understand the relationship between justice and faith and to mobilize Christian Reformed Church people to embrace justice as an integral aspect of Christian faith and life.

2014

Excellence in Collaborative Community Campus Research: A National Summit

Funded by a variety of sponsors including a Social Sciences and Humanities Research Council of Canada (SSHRC) Connection Grant (\$50,000)

- Co-Investigator
- A national convening of leading practitioners of collaborative research involving university and community partners to develop indicators of excellence.

2008-2011

CUExpo 2011 (Community University Exposition)

Funded by a variety of local and national sponsors including SSHRC Connection Grant (\$50,000)

- Co-Investigator and Conference Coordinating Team Member
- Mobilizing Waterloo Region to host an international conference on the topic of Community university partnerships: Bringing global perspectives to local action. 530 people from 16 countries attended this conference which held over 200 presentations.

2005-2009

Community University Research Alliance (CURA) – Taking Culture Seriously in Community Mental Health

Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) and Ontario Trillium Foundation (\$997,000)

- Co-Investigator and Alliance Co-chair
- The purpose of this CURA was to bring together over 40 university and community partners in Toronto and Waterloo Region to explore, develop and evaluate how best to provide community-based mental health services and supports that will be effective for people from culturally diverse backgrounds. Six innovative demonstration projects were developed, implemented and evaluated through this project.

- 2005-2006 **Pathways to Success: Immigrant Youth at School**
Funded by Social Sciences and Humanities Research Council of Canada (SSHRC) via Wilfrid Laurier University (\$25,000)
- Co-Investigator
 - Used Waterloo Region as a case study in exploring how secondary educational institutions can maximize positive outcomes for immigrant youth. The project concluded with a community forum with active youth involvement.
- 1998-2005 **Longitudinal Study of Consumer/Survivor Initiatives in Ontario**
Funded by the Ontario Ministry of Health and Canadian Institutes of Health Research. (\$400,000)
- Senior Researcher
 - A seven-year study to examine processes and outcomes at both the individual and systems level. Four sites include Niagara, Hamilton, Cambridge and Kitchener-Waterloo. Consumer/survivor researchers were hired, trained and supported.
- 1996-1998 **Shifting the Paradigm in Community Mental Health: A Community Study of Implementation and Change**
Funded by Social Science and Humanities Research Council of Canada and the Status of Disabled Persons Secretariat of HRDC. (\$50,000)
- Assistant Project Manager
 - A two-year comprehensive research study designed to develop an understanding of the changes in community mental health policy and practice.
 -
- b) Other Research-Related Contracts**
- 2026-2027 **TO Wards Peace Evaluation**
Funded by City of Toronto via Scarbrough Centre for Healthy Communities
- Team Advisor
 - CCBR is partnering with the City of Toronto's TO Wards Peace in developing a community-based approach to the stewardship and use of shared evaluation data. This work focuses on creating a collaborative evaluation framework that aligns the goals and principles of six program partners and funders while supporting future reporting and shared learning efforts. TO Wards Peace aims to increase effective interventions to mitigate violence in Toronto using a risk-driven, multi-sectoral model that is driven by a community-centric, public health approach.
- 2026 **Canadian Christians Views on Global Poverty**
Funded by Kentro Christian Network via Graf Martin Communications
- Team Leader
 - CCBR partnered with Kentro Christian Network on a research project led by Graf-Martin, exploring Canadian Christians' perceptions of global poverty. CCBR strengthened the project's framing, integrity, and usefulness by providing coaching and feedback throughout the research process.
- 2026 **Menu of Indicators User Guide for LIP Evaluation and Needs Assessment**
Funded by National Local Immigration Partnership (LIP) Secretariate
- Team Leader
 - CCBR supported the development of an indicator user guide to enable Local Immigration Partnerships to conduct their own community evaluations and needs assessments.
- 2026 **Mennonite Central Committee Peacebuilding Program Review**
Funded by Mennonite Central Committee Canada
- Team Member

- CCBR worked with MCCs (Mennonite Central Committee entities) across Canada to review local peacebuilding programs. In this research project, we identified common themes and learnings across this shared program and offered recommendations for its strategic development.

Funded by Woolwich Community Health Centre (WCHC)

- Team Advisor
- CCBR collaboratively designed and conducted an evaluation of an immunization program with Low German Mennonites in rural Woolwich and Wellesley Townships. The purpose of this summative evaluation was to assess the barriers and facilitators to vaccination uptake among immunized program participants and provide recommendations for future immunization programs and outreach.

2025

Designing an Evaluation Hub for Canada's Settlement Sector

Funded by the Evaluation Capacity Network via University of Alberta

- Team Leader
- CCBR developed an on-line Evaluation Hub for the settlement sector in Canada in partnership with the Evaluation Capacity Network. The Hub is directed at service provider organizations, networks and umbrella organizations and provides numerous resources and services to support community-based evaluation.

2025

Mennonite Central Committee Poverty Program Review

Funded by Mennonite Central Committee Ontario

- Team Member
- CCBR collaboratively conducted a program review of Mennonite Central Committee Ontario's Walking with People in Poverty Program. This project synthesized evaluation data collected to date and conducted conversations with staff, partners, and funders to explore MCC Ontario's current strengths and potential opportunities to better address poverty alleviation needs and service gaps. Recommendations were made for MCC Ontario's future poverty programming.

2025

Evaluation of the Rural Settlement Network (RSN) Project

Funded by New Brunswick Multicultural Council

- Team Member
- CCBR conducted a process and outcome evaluation of the Rural Settlement Network (RSN) that includes seven communities: Sussex, Miramichi, Chipman, Campbellton, Acadian Peninsula, Saint-Quentin, and Richibuctou/Kent County. The evaluation used a mixed method design with findings helping to inform funder (Immigration, Refugees, and Citizenship Canada) and organizational learning.

2022

Guelph-Wellington Local Immigration Partnership Evaluation Framework

Funded by Guelph-Wellington Local Immigration Partnership (GWLIP)

- Team Advisor
- CCBR worked with the Guelph-Wellington Local Immigration Partnership (GWLIP) to prepare them for a community-based evaluation of their network. CCBR conducted a document review and conversations that informed the design of the evaluation framework. The final evaluation framework included an evaluation purpose, evaluation questions, a network logic model, a measurement matrix, and a year 1 evaluation workplan.

2021-2023

Private Refugee Sponsorship Evaluation Framework

Funded by Immigration, Refugees, and Citizenship Canada

- Team Leader
- The purpose of this project was to collaboratively design and disseminate a framework to monitor and evaluate the settlement activities of Sponsorship Agreement Holders (SAHs) and Private Sponsorship Constituent Groups (CGs). The project built the capacity of CGs by clarifying roles, responsibilities and promising practices, while providing more national consistency for SAHs to assess their efforts towards evidence-based support. The project was led by CCBR in partnership with Mennonite Central Committee Canada (MCCC).

2021-2022

Global Refugee Sponsorship Initiative Monitoring and Evaluation Toolkit

Funded by Immigration, Refugees, and Citizenship Canada

- Team Advisor
- The purpose of this project was to develop a Monitoring and Evaluation Toolkit to support governments and civil society in building monitoring and evaluation mechanisms into refugee community sponsorship programs at the design stage and as part of ongoing program review and improvement. The Toolkit was intended to be an accessible and versatile resource that can be flexible in its applicability to a wide range of national, regional, or local contexts and of program size and maturity.

- 2021-2022 **Building Community-Based Evaluation Capacity to Advance Sustainable Development Goals**
Funded by Employment and Social Development Canada
- Team Advisor
